**„Flame retardant“**

Optionally, the „flame-retardant“ version of this model can be ordered (art. no. = BK ..). **Please specify when ordering.**

Different armparts and flexible armparts

The model is available with different armparts. See order information. SB can be equipped with a notch function for surcharge.

Two looks

Finishing with double seam or piping. Please specify when ordering. Decorative seams may vary depending on the cover.

Flexible headrest

Some articles can be equipped with a headrest adjustment with notch function (surcharge, item no. = KV1, KV2).

Two comforts in seating

This model is available in different seat comforts. Basic comfort is for firm and stable seating, Soft comfort is for modern, trendy and softer seating. Please indicate.

ORDER INFORMATION**Seat upholstery structure:**

Comfort Basic stands for comfortable seating and Comfort Soft for modern, trendy seating comfort with a casual look. Please indicate when ordering.

Armparts:

off-the-floor, with leg

SA - cubic, width ca. **19 cm** (incl. base protruding)

SB - swung, no function, width ca. **29 cm** - overmeasure + ca. **10 cm**

Width upper armpart surface at SA: approx.

16 cm

Flexible armparts:

In the case of flexible armparts a maximum weight-bearing capacity of up to 25 kg is guaranteed. They are not to be used for sitting on. The adjustable armpart is used in straight or completely opened out function. A position in between is not planned.

Please note:

If the double seam is chosen, the SA armpart has a flat-felled seam.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. Please always specify the contrasting thread number or tonal colours will be supplied.

All of the dimensions given are approxima-

te dimensions in cm in width/depth/height/ seat height. We reserve the right to make changes. The measures refer to the armpart SA. The measures include the protruding of the base with the SA armpart and refer to the finish with tucks. The measures refer to the leg height ca. 19 cm.

Seat depth: approx. **64 cm**

Note on upholstery construction:

Ticking cushions have been used in the back.

These may show under the cover. This is a typical feature of the product.

Especially casual upholstery:

The upholstery is especially casually processed to create a certain appearance with a super soft surface. The covers may already show a pronounced wavy appearance on delivery, which is intentional due to the design and construction and may become even more pronounced with use. This is not a quality defect, but a model-related characteristic.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

LEGS

ca. 19 cm/ seat height ca. 42 cm					
	metal runner, diff. metal shades F L9	wooden runner, solid oak (P58) F M1	wooden runner, wolid walnut (P57) F N5	metal leg, diff. metal col. F J3	metal leg black F L6
ca. 21 cm/ seat height ca. 44 cm	metal runner, diff. metal shades F M4	wooden runner, solid oak (P58) F 8X	wooden runner, wolid walnut (P57) F 8Y	metal leg, diff. metal col. F P6	metal leg black F P5

Metal colours:
Some of the metal legs are available in different metal colours. Please indicate the colour when ordering.

Powder coated:
The colours silver M21 and black M99 are

powder coated.

Chromatic aberrations:
The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best

correspondence possible.

Leg and seat heights:
Due to different leg heights, the model is available in different seat and total heights. The leg version has to be indicated.

Legs and floor protection:

With slim furniture legs with a small gliding surface, there is increased pressure on the floor. We recommend fitting glides or an underlay to protect against scratches and pressure marks on sensitive floors.
