## SIDE &amp; MEDIA WALLS, TABLES

### Combined covers

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

### Electrical supply

An electrical box with power and USB connections can be ordered as an extension to the seat modules at extra cost.

### „Flame retardant“

Optionally, the „flame-retardant“ version of this model can be ordered (art. no. = BK ..). **Please specify when ordering.**

### Incredibly variable

In combination with tables and specially reinforced media walls, conversation and multimedia islands are created.

## ORDER INFORMATION

### Media walls with extra:

The media walls are equipped with a preparation in the wall for TV attachment.

### Electrical unit:

The electrical unit is equipped with USB connection and power supply. The USB output is 1x 5 V/ 1A and 1x 5 V/2,1 A - sufficient to charge all common devices, including tablet PC. In front of the left is the socket (220V), on the right is the USB unit with 2 connectors.

### Table top versions, table legs:

The table tops are made of multiplex material.

They are veneered in oak on the top and bottom. The colour of the table leg always depends on the selected colour of the metal runner FQ1 - white or black powder-coated.

### Combined covers:

The model is also available in combination of different cover qualities and colours. Combination see price list. Every element as well as the acoustic walls can be covered differently at the front and at the back.

price 1: seat and back body

price 2: seat and back cushions

### Back sides of sofas:

All pieces are genuinely upholstered at the back.

### Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available.

**An adjustment sketch as well as the setting order must be attached to the order in order to ensure correct execution!**

### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For

manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

### Connection brackets for partition walls:

The connection brackets for partition walls are always supplied in the colour in which the metal runner is ordered.

**All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.**

Seat depth: approx. **44 cm**

### Crease formation:

Fabric and leather stretch during use, „creases“ may form in the cover. This has no influence on use, function and service life and does not constitute a material defect.

### Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
