Combined covers

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

**Contrasting thread**

In some leather colours this model can be supplied with a contrasting-coloured thread, at no surcharge.

**Metal colours for legs**

The metal leg F S1 is available in the implementation silver or black. Please indicate your preferred appearance when ordering.

**“Flame retardant”**

Optionally, the “flame-retardant” version of this model can be ordered (art. no. = BK ..). Please specify when ordering.

**Order information****Combined covers:**

This model can also be supplied in a combination of different cover qualities. This is shown at the image and at the price list.

Price 1: back outside

Price 2: seat and back inside

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Contrasting thread:

In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. Please always specify the contrasting thread number or tonal colours will be supplied.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows:

width/depth/height/seat height.

Seat depth armchair: approx. **56 cm**

Seat depth chaiselongue: approx. **64/154 cm**

Crease formation:

Fabric and leather stretch to a lesser or larger

extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Especially loose-fitting upholstery:

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by usage. It is not a quality defect but a model-specific characteristic.

Please note:

Special designs may be made on some elements in return for an extra charge. Please consult us.

We are happy to make your dreams come true.

Order checklist

- Structure and cover (order information)
- Flame retardant version (surcharge)
- Metal colour for legs
- Contrasting thread

5. **Back upholstery structure** of ergo-PUR-foam with diolen cover

The design of the cross section shown here does not correspond to the model on this page of the catalogue.

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.

Legs

metal leg, diff.
metal col.

F S 1

Metal colours:

The leg is available in different metal colours. Please indicate when ordering.

Powder coated:

The colours silver M21 and black M99 are powder coated.

Different leg heights:

The leg heights are approx. 15 cm for the chaise longue and approx. 19 cm for the front and 17 cm for the back legs depending on the frame.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.
