Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance. Waving is not a quality defect, but a model-

related feature that ensures optimum seating comfort.

Please note:

Special designs may be made on some elements in return for an extra charge. Please consult us. We are happy to make your dreams come true.

Colour deviations:

The structure of the natural material wood is different for each delivery. Orders according to colour samples are excluded from complaints and exchange. We strive for the best possible match.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
