“Flame retardant”

Optionally, the “flame-retardant” version of this model can be ordered (art. no. = BK ..). Please specify when ordering.

Contrasting thread

The G160 ottoman is available in leather with contrasting colour thread at no extra charge. Please always state the contrast thread number, otherwise it will be delivered tone in tone. The ottoman has beautiful tops-titching.

Order information

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows:

width/depth/height/seat height.

Crease formation:

Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover.

This visual change does not affect use, function and life span and it is not a defect.

Contrasting thread:

The G160 ottoman is available in some leather colours with contrast thread in contrasting colour on request at no extra charge. Please always state the contrast thread number, otherwise it will be delivered tone in tone.

Order checklist

- Cover
- Flame retardant version (surcharge)
- Contrasting thread for G160

- 1. **Frame** – Beech wood structure
- 2. **Seat suspension** with upholstery straps
- 3. **Seat upholstery structure** of ergo-PUR-foam with diolen cover

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.
